Don't waste time. Gain vital, valuable knowledge at once—knowledge worth thousands of dollars, which comes to you absolutely free. Many very common ailments come upon us with very alarming symptoms, People have really died of fright. It isn't a desirable thing to leave all physiological and medical knowledge to the doctors. This was Dr. Pierce's idea when he wrote his great book, "The People's Common Sense Medical Adviser." He has described hundreds of common ailments and prescribed for them. He has devoted a few, terse, plain, chaste chapters to the reproductive physiology of both men and women.

The book is finely illustrated and contains over 1000 pages. In these pages there is condensed much of the best of all a busy brain has gathered in thirty years devoted to the study and practice of medicine. Any one may possess this great book by sending at one-cent stamps, to pay cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y. Anyone who wants the book bound in fine French cloth may secure it by sending 10 cents extra (31 cents in all). Do it to-day. The offer is open for only a limited time.

CONSTIPATION CURED. Nothing will kill all the energy and ambition in either a man or woman more effectively than constipation. The bowels are clogged with poi sonous matter that should be cast out. The blood is soon leaded with impurities. The organs and tissues in turn reluctantly accept these impurities in place of the healthful nourishment they need. The whole system is poisoned. It shows its distaste for the condition of affairs very plainly. The head aches. The skin becomes sallow and the vision blurred. The mouth tastes bad and the breath becomes foul. The stomach is sour and the appetite poor. Constipation, the sole cause of all this trouble, is promptly and permanently cured by Dr. Pierce's Pleasant Pellets.
